4. OUTCOMES OF THE ACTIVITY

1. Improved Career Planning: Encouraged students to identify their career goals and prepare systematically for international nursing opportunities.
2. Understanding of Foreign Healthcare Systems: Increased awareness of the professional expectations, working environments, and standards of healthcare delivery in Germany.
3. Cross-Cultural Competence: Highlighted the importance of cultural sensitivity, respect for diversity, and effective communication while working with patients from different cultural backgrounds.
4. Enhanced Employability: Motivated students to develop additional competencies that may improve their employability in the global healthcare sector.
5. Awareness of Language Certification: Introduced students to the importance of recognised German language certification and the language proficiency requirements applicable to overseas nursing employment.
6. Knowledge of Professional Registration: Created awareness of the need to understand country-specific nursing registration, qualification recognition, and licensing requirements before seeking employment abroad.
7. Patient-Centred Care: Reinforced the importance of effective communication, patient safety, ethical practice, and compassionate nursing care in international healthcare settings.
8. Self-Confidence and Motivation: Inspired students to explore new career opportunities, develop confidence, and prepare for professional challenges in a global environment.
9. Lifelong Learning: Encouraged students to pursue continuous learning, skill enhancement, and professional development beyond the prescribed nursing curriculum.
10. Industry–Academia Interaction: Strengthened interaction between nursing education and international placement guidance, helping students understand emerging employment opportunities and industry expectations.
